

Intro to Coached Planning Worksheet

Course purposes

1. Whom is this course geared toward?

- People with fewer than 5 acres
- People with more than 20 acres
- People only interested in wildlife and aesthetics
- People interested in harvesting trees for income
- People without property who are interested in forestry
- People who already have some forestry experience
- People who know nothing about forestry
- All of the above

2. What are the goals of this course?

- Learn cool stuff
- Get better acquainted with your property
- Be able to write a stewardship plan if you wish
- Have fun
- Help you meet your objectives
- All of the above

3. Which of these are objectives and which are action items? Label with “O” for objective or “A” for action item.

- Keep trees cleared below the house for an unencumbered view of Mt. Rainier.
- Diverse and abundant wildlife.
- Maintain adequate tree spacing.
- A diverse native understory free of invasive weeds
- Improve wildlife habitat.
- A sustainable supply of firewood.
- Eliminate invasive holly.

Forest Stewardship Plans

4. Do you have to write a stewardship plan to complete this course?

Yes, it is required.

No, but it is highly recommended.

5. What are some benefits of writing a forest stewardship plan?

It is the best way to filter/synthesize/comprehend/retain/apply course knowledge.

You get all the key info about your property consolidated in one place.

You get a cool Stewardship Forest sign.

If you otherwise qualify, you can use it to enroll in certain tax, cost share, and certification programs.

You can better communicate the story of your property to others.

All of the above

6. What format should a stewardship plan follow?

The Integrated Stewardship Plan Guidelines, as reflected in the sample plans and template.

Some other format.

7. Where are the sample plans and the plan template? How do these relate to the individual plan section examples?

8. Who writes your stewardship plan?

You

The good folks at WSU

Your site visit forester

Artificial intelligence

Any of the above

9. What do you have to do to receive the metal Stewardship Forest sign?

- Turn in a complete plan that includes *all* sections.
- Work with your site visit forester on any suggested edits.
- Sign the landowner signature page.
- Obtain an approval signature from your site visit forester.
- Send a copy of your finished plan with all the signatures to Kevin.
- All of the above.

10. How and to whom do you turn in your finished plan?

11. What if you don't finish your plan before the end of the course?

Course logistics

12. Where do you find course agendas, handouts, and worksheets?

13. Where do you find the Forest Stewardship Coached Planning Publication Library?

14. Where do you find the list of suggested activities and publications for each course session?

15. When and how will your site visit get scheduled? What should you expect from your site visit?

16. What should you do if you're feeling overwhelmed with all the information?

Remember that this is normal and expected and not sweat it.

Ask for help.

Know that others are feeling the same way (even your instructors sometimes).

Pour a cup of tea, practice relaxation and meditation, and/or take a walk in the woods for perspective.

Give it a few more weeks with the expectation that things will make more sense after a few more classes and your site visit.

Take a step back and give yourself some grace.

Any of the above.

Getting help

17. How and from whom should you get extra help?

18. How can you get feedback on what you've written so far?

19. What should you do if you have a question during class?

Be bold and ask it in class.

Email the instructor after class.

Assume it was covered and you missed it, shrug, and move on.

Look it up on the internet because everything on the internet is true.

Hope that someone else asks it.
