

MARILYN & JAMES HYDE SEMINAR SERIES

**Exploring the causative factors of
European foulbrood across
institutions: a proposal seminar**

BIOGRAPHY

Mckaela Hobday is a third-year doctoral student in the department of Entomology, studying under the direction of Dr. Priya Basu. With a lifelong passion for beekeeping, Mckaela's research interests are broad, with a primary focus on understanding and mitigating stressors that impact honey bee health. Her doctoral research is centered around investigating the epidemiology of European foulbrood to mitigate disease and benefit stakeholders.

Mckaela Hobday

**Monday, November 3rd,
12:00 PM - 1:00 PM**
