Local Food Introduction

Program Priority Local Food: The WSU Extension Master Gardener Program volunteers teach the use of sustainable techniques for growing local food to improve individual and community health and wellness.

Please rate your knowledge on the following statements before attending this event and after attending the event.

Survey purpose

You are receiving this survey because you attended a WSU Extension Master Gardener Program event. Your responses will help us better serve our communities with relevant research-based gardening information.

Date

Date you attended this event. *(If this was a multi-day event, please record the first day only.)*

Date (mm/dd/yyyy)

County

Where did the educational event you attended take place?

Gardening experience

How many years have you been gardening for food?

- Less than 1 year
- 1-3 years
- 4-6 years
- More than 7 years

Home gardening skills

Rate your knowledge on selecting appropriate fruit and/or vegetable varieties for my area.

	Not knowledgeable at all	Slightly knowledgeable	Moderately knowledgeable	Very knowledgeable	Extremely knowledgeable

Changes I will make- Local food

Steps I will commit to take to successfully grow fruits and/or vegetables. *(Check all that apply)*

- I will select seeds or plants suitable for my area/climate or length of growing period.
- I will have my soil tested to assess nutrient needs.
- I have or will install an automated watering system, such as drip irrigation.
- I will mulch to conserve water.
- I will mulch to increase soil health.
- I will practice Integrated Pest Management (IPM) by using pesticides according to labels and only after positively identifying the pest.
- I will strive to protect pollinators in my garden.

- I will share extra produce with neighbors, family, friends, and/or the local food bank.
- I will participate in community food bank gardens.
