## **Why We Are Here**

Agriculture Education/FFA and the 4-H Youth Development Programs in Washington State exist to promote the maximum, personal development of participants. To achieve this and avoid program duplication, guiding principles must be understood and used by all professional leaders. We recommend that the following Principles be used in carrying out the two programs in Washington State's 39 counties.

- Agriculture Education teachers should encourage students to enroll and re-enroll in the 4-H program.
- County Extension Agents and Adult Volunteer Leaders should encourage members to enroll in Agriculture Education classes available in local secondary schools and to become members of the Washington FFA Association.
- A member may participate in all judging division activities in FFA and 4-H unless contests are held simultaneously and then the member must choose one.
- Members simultaneously enrolled in 4-H and FFA must have separate projects or animals for each program during the same calendar year. The program year is October 1 to September 30. The goal of both organizations is youth education.
- Members cannot exhibit the same product or individual animal in both FFA and 4-H divisions during one program year. Records that inventory projects or enterprises must accompany each article or animal when it is entered at an exhibit or fair.

**We feel our mission is more than winning and receiving rewards and accolades. Rather, the mission of this livestock show is to build winning individuals who will be better citizens who will one day make our communities stronger and more vital.**

Exhibitor's fee is \$5.00 per head. This fee must accompany entries. Entries consist of an entry form and correct fees.

**Market entries must be postmarked no later than March 1, 2020. No exceptions!**

## **NORTH CENTRAL WASHINGTON JUNIOR LIVESTOCK SHOW CODE OF ETHICS**

The following policy is taken from the National Show Ring Code of Ethics and will be adapted for the North Central WA. Junior Livestock Show.

The following practices or procedures are unacceptable and are defined as being deceptive, fraudulent, unethical, and inhumane in the care, fitting preparation and showing of all classes of livestock. The use of any illegal drugs is prohibited. Legal or illegal substances used to phenotypically alter the appearance of an animal entered in livestock events is prohibited. Use of illegal drugs is considered a pre-meditated act! Furthermore, any information obtained in the practice of illegal alteration of an animal will be turned over to the proper authorities for criminal prosecution. **THIS IS ONE STRIKE AND YOU ARE OUT POLICY!** Exhibitor will forfeit any premium, awards, or auctions proceeds, and will be prohibited from further competition at shows in the United States, as well as being subject to criminal prosecutions if proven guilty.

The following is a listing of guidelines all exhibitors must follow to enter livestock at the North Central WA. Jr. Livestock Show:

- All exhibitors must have viable proof of ownership available to prove length of time animals have been owned. Market animals (beef, sheep, and swine) must be owned and under exhibitor's daily care according to established rules and regulations for the NCW Jr. Livestock Show. The official ownership date is the date shown on the bill of sale, unless the animal was bred by the exhibitor, in which calving or birth

records must be shown.

- No exhibitor may show an animal which has been previously sold at an auction or sale as a market animal through another fair, livestock show, whether or not there is an actual change of ownership. Any method is used to misrepresent the age of an animal for a class in which it is shown is deceptive and considered illegal. Showing an animal for another individual by claiming ownership in order to show in a specific livestock class or event is prohibited. False ownership is illegal.
- North Central WA. Jr. Livestock Show exhibitors are expected to care for and groom their animals while at the NCWJLS. (Individual consideration will be given in extenuating circumstances). Adults will not be allowed to physically assist in the preparation of the animal while at the show. Verbal instructions will be allowed. Physical assistance may be rendered by other youth members in good standing in the 4-H and FFA programs. Any violations of this rule will result in immediate disqualification from the show.
- Treating an animal internally or externally, with any irritant, counter-irritant, or other substance used to artificially change conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to the use of graphite, powders, hemp, artificial hair coloring, common products such as fly spray, ointment or liniment used to the point that it is irritating or similar type products. The use of dyes, spray paint, or other artificial coloring which results in altering an animal's true and natural appearance and/or color

is prohibited.

- Adding false hair or hair-like material, fleece or skin at any point, spot or area of the animal's body is illegal and will result in immediate disqualifications. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example, the use of alcoholic or carbonated beverages as a drench or filler, etc.

- The use of tranquilizers, sedatives, or depressants which alter the physical or physiological state of the animal is illegal. Exceptions to this rule would be a licensed, certified veterinarians' treatment for use in meat producing animals. All exhibitors shall advise show management of any drugs and/or medications administered to an animal that might be detected at the time of showing or at meat Inspections. The name of the drug, its purpose, the person who administered the drug, time and date of administration shall be presented to the show management prior to showing and sale of the animal. Failure to report this information to the show management will result in severe penalty and/or disqualification. Any use of drugs or substances not approved by the Food & Drug Administration is strictly prohibited. All animals entered into livestock competition shall be subject to testing for foreign substances that exceed acceptable levels established by the FDA, FSIS, USDA or EPA.

- The use of inhumane fitting, showing and/or handling practices or devices shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling or for bracing purposes, use of an electrical contrivance. The use of

muzzles is not allowed at our show.

- Direct criticisms or interference with the judge, show management, other exhibitors, show officials, before, during or after the competitive event is prohibited.
- At the time an animal is sold at auction at the NCWJLS, the exhibitor shall be held directly responsible for animals that are rejected at a processing center due to the presence of foreign residues. The seller may be liable to the buyer for an amount equal or up to three times the purchase price and may also be liable for attorney's fees and civil penalties. Show Management may share acceptable intelligence and evidence information with the FDA and USDA. If for any reason any part of a meat animal's carcass must be removed by FDA or USDA inspectors, the market price will be discounted.
- Show management reserves the right to require animal health certificates. Health inspections and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or to inaugurate disease control procedures which may become necessary in emergencies as determined by animal health officials.

**The decision of The North Central WA Jr. Livestock Show management will be final.**

## **RULES AND REGULATIONS**

### **General Rules:**

*NOTE: The following rules and regulations apply to all 4-H and FFA Exhibitors at the North Central Washington Junior Livestock Show.*

- No other animals allowed on the grounds other than exhibits for this show.
- Exhibitors must have owned and cared for their animals for the time they started on feed.
- No animal may be entered in more than one class. Only steers, barrows, gilts, wethers, and ewes are eligible to show.
- Exhibitors are limited to two market exhibits in either 4-H or FFA per person.
- Entries shall be fitted for the show. The management reserves the right to deny a premium for any animal that is not presentable. All steers must be halter broke.
- The premiums offered apply to all exhibitors. Value of premiums cannot be determined until completion of the show.
- Leaders and Instructors may make all entries for their counties or chapters.
- The North Central WA. Jr. Livestock Show will provide bedding.  
**Do not bring your own bedding.**

- Exhibitors must keep pens in show condition to qualify for awards and premium points. 4-H clubs or FFA Chapters may join together for herdsman ship.
- Brand Inspection according to Washington law in effect at show time will be enforced. Evidence of ownership (Brand Slip or bill of sale) must accompany each beef exhibit and this evidence must be turned in at the main office at weigh in for sale market steers. All cattle exhibited, including Bonanza entries, must have a Certificate of Permit (haul slip). This a requirement even if the brand is registered in the name of the exhibitors parents.
- All animals-beef, swine, lambs- must turn in a Quality Assurance Form at weigh in.
- Exhibitors must provide all their own feeding and water equipment.
- Any animal entered is subject to be used for the Judging Contest.
- FFA Chapter Advisors or an authorized substitute or designated 4-H Leaders are responsible for their Chapters' and delegation's conduct while attending the show. Any problems not settled by those responsible will be brought before the rules enforcement committee whose action will be final.
- Animals can be exhibited at the show by other than the owners, if illness or accident, during the show prevents the owner from showing the animal. However, these animals should be shown by a bonafide 4-H or FFA member in his/her place.
- All of these cases shall be reviewed by the

species Superintendent.

- The Superintendent has the authority to change classes to fit the livestock entries.
- Check out and release of animals. All animals leaving the show must be checked out through the person authorized by the Show Board for this purpose.  
**No animals will be released until approved by species superintendents and with the proper load out slip from the office.**
- Beef should have proper destination papers and brand transfer slips.
- **No cleaning of pens until after the sale. You must check with your species superintendent after you have cleaned your pens or stalls and before you leave the show.**
- Stall cards and exhibitors cards must be in place by 8:00 am Friday and remain up until after the sale on Saturday.
- Insurance coverage for 4-H and FFA registered at the show is in force only on the grounds while participating in sponsored events.
- All animals brought for exhibition are at the owner's risk. The show board will not be held responsible for injuries incurred by animals or injuries or damages inflicted on a third party by said animals and in no even will be held liable for the death of an animal.

- Any exhibitor which has been banned from another Jr. Show or Fair, or is on probation or suspension from either the 4-H program or the FFA program, for any reason, will not be eligible to exhibit at the North Central Washington Junior Livestock Show for the durations of the probation or suspension.
- **Educational displays are required for everyone exhibiting an animal. An exhibitor must provide an educational display above their pen/stall for each species they are exhibiting.**
- **Exhibitor must be in good standing with their club or chapter. Not more than 1 year past high school graduation.**
- **FFA members that are not currently enrolled in high school classes will need to provide documentation of liability insurance coverage.**
- **All animals coming into Washington must be in compliance with Washington State Department of Agriculture (WSDA) Importation requirements and have a valid certificate of veterinary inspection (health papers)**
- **Any carcass found to contain drugs or tranquilizers by the federal government at the slaughter plant is the responsibility of the exhibitor. In this instance, sale monies will be withheld from the exhibitor and returned to the buyer.**

**AUCTION SALE RULES**  
**KEN ARDELL PAVILION**  
**March 28, 2020**

**REGULATIONS:** Sale weight, ear tag number and seller's name will be shown in the sale catalog. All bidding will be on a per pound basis. Checks should be made payable to NCWJL Show and delivered to the office immediately following the auction.

- All qualifying market entries (blue and red, ribbons) will be sold at auction. White ribbon animals will not sell through the auction
- A minimum of \$5.00 will be withheld for expenses. This may vary depending on the animal's disposal location.
- Animals will be sold in the order of ribbon placing.
- Market hogs weighing between 235 and 295 pounds must be sold at the auction.
- Sheep must weigh 90 pounds minimum to be sold through the auction.
- Beef weighing less than 1050 pounds will not be sold through the auction.
- The official sale weight shall be the "off truck" weights upon arrival. Only one weight permitted. If an animal weight is in question, animal will be taken off scales, scales rebalanced, and then the animal will be reweighed immediately.

- That weight will stand. Prior to the show, the scales are checked and certified by the State Weights and Measures Division.
- All exhibitors must be on call at their exhibits during the auction sale unless previously excused by the appropriate Species Superintendent. Failure to comply could result in the loss of the sale of their animals. The show Operating Board or Auction Committee cannot be responsible for animals left on the grounds after closing.
- The Sale Order between 4-H and FFA top animals are to be alternated and the top 4-H animals sell first on odd years and the top FFA animals sell first on even years.
- Any check stop payment fee will be billed to the exhibitor.
- If an animal is condemned at slaughter for health reasons, it will be the seller's responsibility, not the show's or the buyer's.
- Destinations are final upon buyer's signature on sale sheet- NO TAKING ANIMALS OUT OF THE TURN PENS.

- **Any carcass found to contain drugs or tranquilizers by the federal government at the slaughter plant is the responsibility of the exhibitor. In this instance, sale monies will be withheld from the exhibitor and returned to the buyer.**

**FFA POLICY STATEMENT ON LIVESTOCK  
COMPETITIONS**

The National FFA Organization believes that livestock exhibition and judging competitions offer significant opportunities for the personal, social and career growth of its members.

Participation in all competitive events requires the highest personal standards of ethics, integrity and fair play as called for in the FFA Code of Ethics.

FFA members are expected to comply with the specific rules of each competition and to adhere to the National Show Ring Code of Ethics.

Additionally, FFA does not condone or tolerate abuse or mistreatment of animals in any form in its activities, programs or competitions. The organization actively supports the training and education of FFA members and advisors in the proper ethical behavior of livestock competitions and in the application of sound and humane principles of animal husbandry.

**4-H POLICY STATEMENT OF LIVESTOCK  
COMPETITIONS**

The use of illegal drugs and/or the improper use of animal health products or foreign substances will not be tolerated in the Washington State 4-H Youth Development Program. Extension personnel, 4-H volunteers, youth, and fair/show officials have a legal and moral obligation not to misuse these products. We have the responsibility to tell others not to use these substances, and report those who do use any illegal substance. The administration of any drug or medication which could affect an animal's performance resulting in an unfair advantage or the disposition of the animal is unacceptable. Additionally, there are federal penalties for using illegal substances in animals that are going into the nation's food supply.

## **METHOD OF JUDGING**
