Youth PQA Plus® Online Training

The National Pork Board has launched a revised version of Youth PQA Plus, which includes an online training option.

Training is available for youth age 8 – 19 based on their age on January 1 of the certification year. Parents can register to manage their children's training (**parental registration is required for youth age 8 - 12**). Or children 13 – 19 can self-register.

➢ All registered users of the site MUST HAVE A UNIQUE EMAIL. If a family shares an email, the parent should register and manage all children's training through the parent account.
➢ Once the YOUTH has signed up for/activated an online training session, they will have 30 days to complete the training.
➢ Youth who are in the intermediate and advanced age brackets will be presented an exam. The youth will have three opportunities to achieve a 70% or better score to pass the exam. This is a closed book exam
➢ For Intermediate and Advanced, the certification expiration date will be calculated based on their age in their bracket. Maximum length of certificate could be three years, at minimum a youth will earn a one year certificate.
  o See the Minimum Standards document at http://www.pork.org/filelibrary/youthpqaplus/Min%20Standards.pdf for an explanation of how expiration dates are calculated based on age/test out.
