4-H In the News: A message from WA State 4-H Program Leader, Nancy Deringer

Because of recent media articles, I am working closely with WSU's Attorney General's Office, WSU's Risk Management Services Office, and WSU's Office for Equal Opportunity. We have the full support of WSU, and we will not make any changes to our current **policy of being inclusive of all youth**. Please note WSU Executive Policy 15: <https://oeo.wsu.edu/executive-policy15/>, WSU's commitment to a discrimination-free environment.
