### **Learning Tool for week of April 27<sup>th</sup>, 2020**

Hello 4-H Community!

Have you ever watched a TED Talk? I love them! While watching a TED Talk recently I discovered a great YouTube channel that I thought all TED Talk loving parents would enjoy!

The TED Ed channel has a great collection of TED videos for kids. I suggest starting with their (currently) featured video [“Does time exist”](#) by Andrew Zimmerman Jones. I learned a lot, so don't think it is just for kids!

Click here to check out the [TED Ed YouTube channel](#)

Here is the direct link if the click doesn't work:
