

## WSU Extension Outdoor/Off-site/Virtual Volunteer Expectations

Pursuant to the State of Washington Governor's Proclamation 21-14.5, I understand that I am not required to demonstrate current COVID-19 vaccination status nor apply for an exemption from mandated COVID-19 vaccination if I am engaging primarily in outdoor work. WSU Extension has implemented a new volunteer category for those volunteers who engage primarily in outdoor work. Additionally, any volunteer that works at an off-site location where others are not present and any volunteer that works virtually will be allowed to work without meeting the vaccination mandate. **Volunteers in this category may not engage in indoor activities where others are present.**

As an outdoor volunteer:

- I may not participate in any volunteer work activities in an indoor setting with others present.
- I must follow all other volunteer agreements within the program for which I am volunteering.

I have read, understand, and agree to the expectations of participation and behavior as outlined in this agreement. I understand that either WSU Extension or I may terminate this appointment without prior notice. I understand and agree that any action on my part that contradicts any portion of this agreement is grounds for the immediate suspension and/or termination of my volunteer status with the Washington State University Extension Program.
