

# Carbon Tax in Washington?

Thursday October 20 | 2:00 p.m.  
CUB Auditorium

Initiative 732, Washington's Carbon Emission Tax and Sales Tax Reduction Initiative, aims to decrease carbon dioxide emissions in a revenue neutral way by increasing taxes on carbon emissions and offsetting the revenue with decreases in the state business and sales taxes.

Join us for a public debate on Initiative 732, which will be appearing on the ballot this November.

The panel includes **Yoram Bauman**, economist, and founder of Yes on I-732; **Senator Doug Ericksen** (R-Ferndale) Chair of Washington Senate Energy, Environment and Telecommunications Committee; and **Jeff Johnson**, President of the WA State Labor Council and a representative of the Alliance for Jobs and Clean Energy.

Yoram Bauman

Doug Ericksen
