WASHINGTON STATE UNIVERSITY
Transfer Center

ABOUT US

The WSU Transfer Center supports students with transfer credit by providing clear pathways, personalized guidance, and tools to help you transition smoothly into your WSU degree.

More than 70% of WSU students bring transfer credit—you're in good company!

TRANSFER YOUR CREDITS

WHAT

- Official transcripts are required from each source of credit (e.g. college/university, exams, military, etc.)
- High school transcripts will not be sufficient to transfer college credit to WSU

WHO

- Traditional transfer students **
- High school students earning college credit (e.g. College in the High School, Running Start, Dual Enrollment, AP exams, etc.)

HOW

Once final grades/scores are posted, order official transcripts from the credit source to be sent directly to WSU Admissions by:

- Mail
- Electronically via vendor (e.g. Parchment, National Student Clearinghouse, etc.)

Please allow several business days for processing. Admissions will email you when your transcript is received.

**** The Office of Admissions accepts unofficial transcripts for transfer admission.**

OUR TOOLS

TRANSFER COURSE SEARCH TOOL

The Transfer Course Search Tool shows how courses will transfer to WSU. Updated equivalencies are always being added, and the information is subject to change.

EVALUATE MY TRANSFER CREDIT TOOL

The Evaluate My Transfer Credit Tool lets you submit all your transfer courses and exam credits at once to generate an unofficial WSU transfer credit evaluation.

COURSE EVALUATION REQUEST FORM

The Course Evaluation Request Form can be used if you identify a transfer course in the search tool that does not have a direct equivalency or has an expired date.
