\*CESHS aims to ensure K-12 classroom placements involve well-prepared individuals with the qualities needed to work effectively with children and youth. A candidate may be denied admission to, or continued enrollment in the teacher education program, on the basis of review by the faculty. The College also reserves the right to refuse placement of any student in a field experience, or to terminate individual placements, if in the professional judgment of faculty or coordinating field personnel there is a cause for concern about the fitness of that individual to work with children in a classroom setting.

\*Apply for student teaching one year in advance.

\*All coursework required by CESHS must be taken for a letter grade (not pass/fail) and completed with a C (2.00) or higher, except for practicum courses.

A student will not be placed to student teach or recommended for a teacher certificate if the endorsement or cumulative WSU GPA is below 2.50.

Before enrolling in any practica, proof of liability insurance must be on file, and a background clearance including WSP and FBI fingerprint clearance must be on file with OSPI.

\*All requirements for the teacher certificate must be completed within 5-years from the date of certification in the CESHS, otherwise the student must fulfill any new program requirements.

^TCH\_LRN 317 is a three-week intensive experience in a K-12 public or private school in the student's home community. Takes place in Block A of summer session.

^^TCH\_LRN 469 is a four week full-time practicum followed by 12 weeks of classes. Students will enroll in 3 credits unless TCH\_LRN 469 is being paired with a 1 credit course required by their content area. In that case students will enroll in 2 credits of TCH\_LRN 469 and 1 credit of the course required by their department.

^^^TCH\_LRN 415, student teaching, must be completed at an approved WSU site in the state of Washington with supervision by an approved WSU provider. A student may begin the student teaching internship only upon, (1) completion of all coursework in the endorsement and the professional core with a grade of C (2.00) or higher; (2) achievement of a minimum WSU GPA of 2.50 in the professional core and endorsement; (3) fingerprinting and background clearance (4) pass the WEST\_E/NES; (5) interview and recommendation by the faculty.
