Wahkiakum 4-H Youth Program offers a 3-Day beginning sewing class, teaching basic sewing techniques and how to use and care for a sewing machine. Class will be offered July 6-8 9 am to 12:15 pm.

Each participant in Sewing For Fun will make a few items, learn basic straight stitching, hand sewing, using a simple pattern, and details about basic sewing supplies and equipment. Projects include a pincushion, needle holder, apron and additional projects if time allows.

Sewing machines are available, and students may also bring their own sewing machine in good working condition. Bring the machine instruction book if available.

Basic sewing supplies and a notebook for the beginning class are included in the registration fee. Students and parents/adults will be advised at the Orientation Session on what fabric to buy for the best results with the class projects.

For more information about the class contact:

Becca Rezac, 4-H Volunteer, at 503-933-3899.

Students will be enrolled in WSU Extension's 4-H Youth Program for the week as a Special Interest 4-H Group. This allows them to exhibit their items in the 4-H Department at the Wahkiakum County Fair, August 20-22, 2026.
