My 4-H Club

A 4-H Club is a group in my area that meets to learn about 4-H, works together and has fun. The 4-H Club has adult leaders who tell me about events and activities happening in 4-H. Project leaders help members learn more about individual projects.

My Club is: _____

My Club Leaders

My Club Officers

President: _____

Vice-President: _____

Secretary: _____

Treasurer: _____

Flag Pledges

The American Flag Pledge:

(The pledge of allegiance should be rendered by standing at attention facing the flag and saluting by placing your right hand over your heart, which is on your left side)

“I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all.”

The National 4-H Pledge:

I pledge my HEAD to clearer thinking

(right hand points to forehead)

My HEART to greater loyalty

(right hand over heart)

My HANDS to larger service

(arms slightly bend with palms up)

And my HEALTH to better living

(arms at side)

For my club, my community, my country, and my world.

This is Me

Insert a photo of you or draw a picture of you in the box below.

My hair is _____

My eyes are _____

National Show Ring Code of Ethics

Adapted from the [IAFE Code of Show Ring Ethics](#)

Exhibitors of animals at shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to 4-H youth as well as open class exhibitors who compete in structured classes of competition. This code can be applied to all animals offered in any event at a show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with younger exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that their fine example will influence those younger and more pliable. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds. They shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and shows. Exhibitors who violate this code of ethics demean the integrity of all exhibitors and should be prohibited from competition at all shows in the United States and Canada. The following is a list of guidelines for all exhibitors and all animals in competitive events:

- 1) All exhibitors must present, upon request of fair and show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or show officials.
- 3) Youth exhibitors are expected to care for and groom their animals while at fairs or shows.
- 4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals **not** entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Animals shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from an animal indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivances, or other similar practices is not acceptable and is prohibited.
- 7) Direct criticism or interference with the judge, fair or show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and show management, or other show officials shall be treated with courtesy, cooperation, and respect. No person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individuals to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant, whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or show without recourse against the fair or show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.
- 11) The act of entering an animal in a fair or show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read this Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

We understand and will abide by these rules as enumerated 1 - 11. We have also reviewed the rules available on the website and in Fair Entry for livestock projects. Our signatures indicate that we understand and will abide by these rules.
