## Cloverbud Record Book Feedback

Record Book scores should reflect the level of achievement of a 4-H member's:

1. Effort and time spent on their project.
2. Progression of project knowledge based on the member's age and years enrolled in that project
3. Understanding of cost, income, and equipment/supplies inventory value for the project.
4. Overall experience in 4-H including community service, leadership, and club/community activities.

Note for Judges: Record Books are optional for Cloverbuds but can be completed for practice. Cloverbud books are not scored, but constructive feedback is helpful. Please provide feedback and encouragement to Cloverbuds who opt to complete these books. Positive feedback should be given much more freely than constructive feedback.
