

Worksheet #11: Infrastructure Gaps on our Community Map

Now that the Broadband Action Team has collected local data and it is integrated into their local broadband map, reevaluate the map and reflect upon these questions.

11.1 What areas of our community appear to lack access to broadband services?

11.2 What areas only have access to unlicensed fixed wireless?

11.3 What areas are missing middle mile infrastructure?

11.4 What areas are missing last mile (end user connections) infrastructure?
