

Worksheet #16: Obstacles To Broadband Access, Adoption, And Application

Through this process, you and your team have likely learned a lot about the digital equity landscape of your community. Have you noticed some barriers or obstacles? This worksheet will give you space to identify the issues outside of infrastructure that may be preventing digital equity from being realized within your area.

16.1 These barriers may be preventing access, adoption and use of the Internet and devices:

16.2 These barriers and gaps may be preventing the provision of digital equity support services throughout our region:

16.3 These community awareness issues may be inhibiting digital equity resources from being utilized:

16.4 What, if anything, is preventing you from assessing the digital equity landscape of your community? Are there needs, gaps, or barriers that you've experienced in being able to assess the digital equity landscape of your community?

16.5 Is there anything related to digital equity needs, gaps, or barriers that you were not able to cover in Worksheets #15 and #16?
