

November 16, 2022

The Moscow Police Department is continuing to investigate last weekend's homicides of four University of Idaho students. Anyone with information should contact the Moscow Police Tip Line at 208-883-7054.

In the meantime, the WSU Pullman Police Department has increased patrols on the Pullman campus. You are reminded to lock your doors when home and remain alert and aware of your surroundings when you are out. When possible, travel in groups. Keep your eyes up and your hands free.

WSU Pullman offers a variety of security services to students and employees. [Cougar Safe Rides](#) provides safe transportation to and from campus most nights. Call or text WSU-267-SAFE (978-267-7233) to arrange a free ride. The WSU Police Cadet Corp offers a free foot escort service to and from campus most evenings. Call 509-432-3818 for details.

If you are on campus and need immediate help, look for one of the many [emergency blue light telephones](#) located around the area. Push the button and you are directly connected to the Whitcom 911 Communications Center.

For more information on WSU safety and security services, visit the Human Resource Services' [Safe Environment website](#).

The WSU Pullman Police Department will continue to monitor the investigation in Moscow closely. The university will communicate via the WSU Alert system if we become aware of any potential threats to the WSU community.

If you see something, say something. By supporting each other, we can help keep WSU Pullman safe and secure for our Cougar family.
