

ENDOWMENT PERFORMANCE

INVESTMENT STRATEGY

The Washington State University Foundation’s consolidated endowment investment objectives reflect its long-term nature. To both grow endowment gifts and produce a large, stable, and predictable payout stream involves balancing tradeoffs in investment and spending policies. Considerations that shape the endowment’s objectives include:

- Producing a relatively predictable and stable payout stream to WSU’s programs supported by endowment funds.
- Increasing the inflation-adjusted value of the endowment in the long term, while assuming only moderate risk.
- Balancing the support of present and future generations of students and faculty.

The WSU Foundation Investment Committee seeks to achieve these investment objectives by diversifying across major asset classes (e.g., marketable equities, non-marketable investments, absolute return, fixed income), as well as within each asset class (e.g., investment style, capitalization, industry).

ENDOWMENT ACTIVITIES

The WSU Foundation consolidates all funds available for long-term investment in its Endowment Fund, with the exception of funds restricted by law or by special donor limitations. This fund is the investment pool for approximately 3,000 privately endowed funds supporting a wide variety of education, research, and service programs across Washington State University.

ENDOWMENT MANAGEMENT AND FEES

In accordance with WSU Foundation bylaws, this Endowment Fund is managed by the Investment Committee, a sub-committee of the WSU Foundation Board of Directors. The Investment Committee is responsible for investment, reinvestment, and general management of the endowment. The committee establishes policies for investing capital, monitoring and reviewing investment performance, establishing appropriate benchmarks, and managing the investments to maximize the endowment's financial potential while minimizing risk. Pavilion, a Mercer Practice, serves as the Foundation's investment consultant.

The WSU Foundation distributes 4 percent of the Endowment Fund's 36-month rolling average to benefit WSU as designated by each endowed fund's Gift Use Agreement. Additionally, there is a 1.5 percent fee charged annually to the Endowment Fund to support advancement efforts.
