Additional Notes:

- Please ensure all attendees bring a valid ID for identity verification at check-in.
- Visitor's parking spaces are at the front of the entrance of 2440 NE Hopkins Court, carpooling is recommended.
- Please remind students to wear comfortable, closed-toe walking shoes and shorts for safety reasons. The tour lasts approximately one hour and is on cement.
- Tour guides will also remind students of this but as a reminder, **no photography or video** of the manufacturing floors will be allowed.
- SEL is a non-smoking campus. Please note smoking and vaping within 30 feet of public building entrances is prohibited by state law.
- SEL takes security of computers, networks, and information systems seriously. All flash drives must be scanned for viruses prior to their use on SEL computers. Virus scanning stations are located in the lobby area of each SEL building. Please notify your visit coordinator if you plan to use a flash drive to share information on SEL computers during your visit.
- SEL is a closed facility and visitors must be accompanied by an SEL employee at all times.
- At our Moscow Idaho facility eye protection is required on the manufacturing tour. Safety glasses will be provided, including glasses that can fit over prescription glasses. Ear plugs are also available if needed.
- Guest Wireless Internet Access: (Login: selguest) (Password: SEL-Quality)
