

Willis Creek Visitor Survey

Introduction

In order for the Bureau of Land Management (BLM) to comply with the Government Performance and Results Act (GPRA) and better meet the needs of the public, a visitor satisfaction survey was conducted at Willis Creek, UT, during fiscal year 2025. The survey was developed to measure each site’s performance related to Mission Area 3, Goal 2, Strategy 1 (as specified in the DOI 2024/2025 Annual Performance Plan) - *Enhance Public Satisfaction at DOI Sites by enhancing the enjoyment and appreciation of our natural and cultural heritage*. The information collected during the survey will also help the BLM better serve the public. The survey collected visitor satisfaction data regarding visitor information (i.e., use of maps, signs, brochures), developed facilities, recreation use management, resource management, BLM staff and service, programs, commercial recreation operations, educational and interpretive materials, fees, accessibility for visitors with disabilities, activities, and demographics.

The results of the visitor satisfaction survey conducted at Willis Creek are summarized in this data report. A description of the research methods and limitations can be found on page two. Below (left) is a graph summarizing visitor opinions regarding the overall quality of their experience at this site. The satisfaction measure below (right) is a combined proportion of "good" and "very good" responses. This is the primary performance measure for GPRA Mission Area 3, Goal 2.1 and should be used when reporting performance for this goal. (NOTE: the satisfaction measure may not equal the sum of "very good" and "good" proportions due to rounding.)

The response rate for this survey site was 86%. This indicates that 86% of those randomly sampled completed the survey.

Overall quality of experience

FY25: 283 Respondents

FY25 Satisfaction measure: 94%
Mean score: 4.6

FY25 GPRA Satisfaction Measure

Proportion of site visitors satisfied overall with visitor information, facilities, management, interpretation/education, staff services, and programs:

94%

Willis Creek Research Methods

Understanding the Results

Inside this report are graphs that illustrate the survey results. The report contains ten categories of data regarding BLM amenities, staff, and services plus selected demographics. Within these categories are graphs for each indicator evaluated by site visitors. For example, the Visitor Information category includes indicators such as "providing useful maps and brochures," "providing useful information on the internet," and so forth. In each category there is a graph entitled "Everything Considered." This graph is the basis for determining visitor satisfaction for each category and GPRA reporting numbers.

All graphs include the following information:

- The number of visitor responses for the indicator;
- The proportion of responses for each answer choice;

Graphs for quality indicators also include:

- A "satisfaction measure" that combines the proportion of total responses which were "Very good/well" or "Good/Well;"
- An average (mean) evaluation score where a number closer to five reflects a more positive visitor response;
- Quality indicators are based on the following scale:

"Very poor/poorly" = 1, "Poor/Poorly" = 2, "Average" = 3, "Good/Well" = 4, "Very good/well" = 5;

NOTE: Graph proportions may not equal 100% due to rounding.

Procedure

Surveys were distributed to a random sample of visitors at this site on 13 days between April 12 and June 15, 2025. The data reflect visitor opinions about this site's facilities, management, services, educational opportunities, and fees during the survey period. Visitor activities and selected demographics were also captured. A representative sample of the general visitor population were surveyed at selected locations. The results do not necessarily apply to visitors during other times of the year, or visitors who did not visit the survey locations on-site.

Visitors were given a choice between a paper version to be completed on-site, and an online option to be completed on-site or at a later date. Those visitors who chose the online option were given a postcard containing the access information needed for completing the survey online.

The results in this report are the combined responses from paper versions of the survey that were electronically scanned and responses completed online. Frequency distributions were calculated for each indicator and category using the

combined data. This BLM location completed 300 paper surveys and 0 online surveys.

The survey response rate is described on page one of this report. The number of respondents for each indicator is reported at the top of each figure. All proportions are reported as whole percentages while averages are rounded to the nearest tenth.

Caution is advised when interpreting any data with fewer than 30 responses. When this occurs, the word "CAUTION!" is included above the graph. This report excludes any graphs or calculations for questions with fewer than 10 responses. "NA" has been inserted in place of excluded satisfaction and evaluation calculations.

Based on the sample size of the survey at this BLM location, for most indicators, the survey data are expected to be accurate within $\pm 5.7\%$ of the population with 95% confidence. This means that if different samples had been drawn, the results would have been similar (by $\pm 5.7\%$) 95 out of 100 times.

Mean score: 4.2

Everything considered: How well the BLM provides interpretive and educational materials

FY25: 175 Respondents

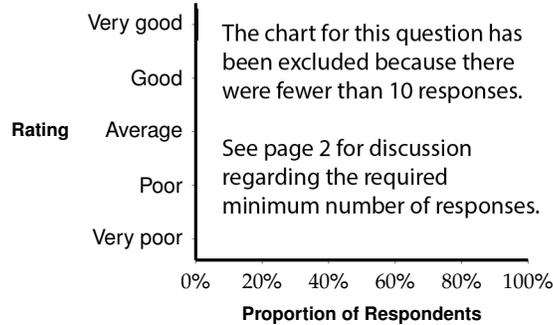

FY25 Satisfaction measure: 83%
Mean score: 4.3

Willis Creek Programs & Fees

Quality of program(s) attended

FY25: 9 Respondents

FY25 Satisfaction measure: NA
Mean score: NA

How appropriate was the fee charged for this site/area?

FY25: 11 Respondent(s)

Total fees paid

FY25: 273 Respondents

The value of recreation opportunity and services was at least equal to the fee asked to pay

FY25: 10 Respondent(s)

Willis Creek Commercial Recreation Operations & Activities

Quality of Commercial Services

FY25: 7 Responses*

FY25 Satisfaction measure: NA
Mean score: NA

Activities

FY25: 281 Respondents**

*Each respondent could rate up to three services.

**Percentages do not sum to 100 because respondents could select more than one activity.

Willis Creek Demographics

Visitor age groups

FY25: 1053 Visitors

Number of Adults (18 and over) in group

FY25: 283 Groups

Number of teenagers (13-17) in group

FY25: 283 Groups

Number of children (under 12) in group

FY25: 284 Groups

Respondent age

FY25: 281 Respondents

Respondent gender

FY25: 280 Respondents

Utah visitors came from 17 different counties

FY25: 73 Respondents*

County	Count
Salt Lake County	26
Utah County	15
Washington County	7
Davis County	5
Kane County	4
Other counties	21

Visitors came from 38 states across the country

FY25: 242 Respondents

State	Count
UT	73
CA	26
NV	16
CO	13
AZ	10
Other states	104

*The total number of visitors per county listed might be greater than the number of respondents because some ZIP Codes include more than one county

Willis Creek

Accessibility for Visitors with Disabilities

How well the BLM provides access to adequately use recreation facilities

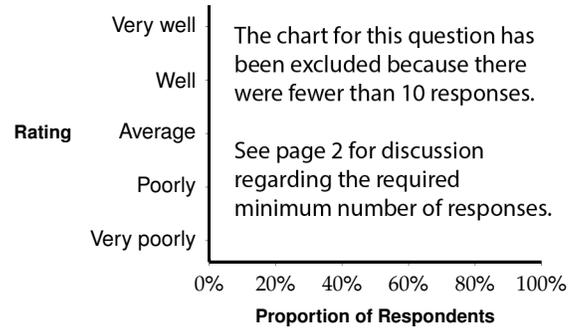

FY25: 10 Respondents

FY25 Satisfaction measure: 100%
Mean score: 4.7

How well the BLM provides access to adequately view exhibits, way-sides, information panels, etc.

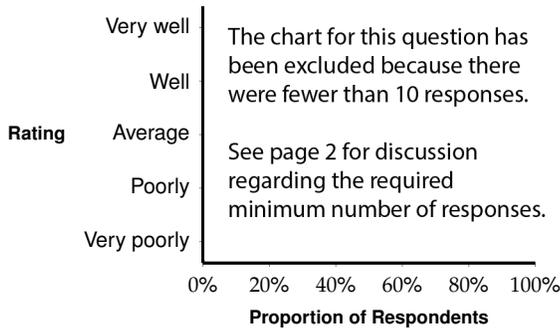

FY25: 7 Respondents

FY25 Satisfaction measure: NA
Mean score: NA

How well the BLM provides access to adequately view and use information (map, brochure, website, etc.)

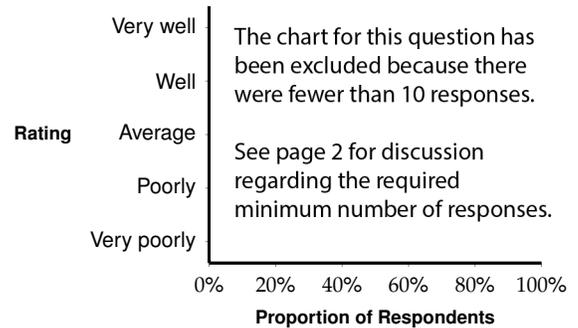

FY25: 7 Respondents

FY25 Satisfaction measure: NA
Mean score: NA

How well the BLM provides access to adequately use other visitor services (restrooms, water, etc.)

FY25: 7 Respondents

FY25 Satisfaction measure: NA
Mean score: NA
