IN REPLY REFER TO:

August, 1985

Dear Visitor:

Thank you for participating in this study. Our goal is to learn about the activities that visitors to Crater Lake National Park enjoy, and the places they visit within the park.

This questionnaire is only being given to a select number of visitors. Your participation is very important! It should only take a few minutes of your time each day during your visit to Crater Lake National Park.

When your visit is over, please complete the last four pages of the questionnaire. Then, seal it with the sticker provided on the last page and simply drop it in any mailbox.

Please be assured that all of the information is confidential. Do not write your name on the questionnaire. If you have any questions, please contact Dr. Gary E. Machlis, Sociology Project Leader, Cooperative Park Studies Unit, University of Idaho, Moscow, Idaho 83843.

We appreciate your help.

Sincerely,

Robert E. Benton

DIRECTIONS

The first part of this questionnaire is a diary of your visit to Crater Lake National Park. The second part asks some brief questions about you, the group you are with, and your trip to and from the park. **One person** should complete the questionnaire.

The diary begins on page 6. If you stay in the area three days or less, please complete the diary for the number of days of your visit. If you stay in the area more than three days, please complete the diary for only the first three days of your visit.

You may wish to complete the diary during your daily activities, or in the evening--it should only take a few minutes. There are two simple steps:

First, find the appropriate day (day numbers are located at the top of each entry).

Then, for each day, please provide:

- a) the **Zone(s)** of the Park you spent time in (which you can identify from the map on page 4).
- b) your **Activities in each zone** (a list of activities is provided on page 5).

The second part of the questionnaire begins on page 12. Please answer each question.
