

Bill Parsons

National Director – Architectural and Engineering Solutions

WoodWorks – Wood Products Council

Boise, Idaho

WoodWorks is a non-profit organization established and led by the Wood Products Council and funded by the Softwood Lumber Board, USDA Forest Service, Forestry Innovation Investment, and Natural Resources Canada to provide free project assistance, education and resources related to the code-compliant design, engineering and construction of non-residential and multi-family wood buildings. This presentation will update attendees on the program and recent successes converting steel and concrete buildings to wood structural frames.
